ENTERPRISE TECHNOLOGY ARCHITECT

Technology leader and hands-on engineer with 12+ years of experience spanning enterprise infrastructure, software development, cybersecurity, networking, virtualization, systems integration, databases, and e-commerce platforms. Experienced designing, developing, and supporting business-critical solutions while bridging the gap between technical implementation and business objectives.

CORE COMPETENCIES

Enterprise Infrastructure • Software Development • Systems Integration • Solution Architecture • Cybersecurity • Network Architecture • Virtualization • Microsoft Technologies • Cisco Networking • C#/.NET Development • SQL Server • REST APIs • Shopify • E-Commerce • Technical Leadership

PROFESSIONAL EXPERIENCE

Enterprise Technology Architect

L'BRI Pure n' Natural | April 2014 – Present

- Serve as the primary technical resource responsible for infrastructure, networking, cybersecurity, software development, enterprise systems, and technology strategy.
- Architect and maintain enterprise infrastructure supporting business-critical operations.
- Design and support Cisco networking environments including switching, routing, VLANs, VPNs, wireless technologies, and security controls.
- Administer Microsoft technologies including Active Directory, Group Policy, DNS, DHCP, DFS, replication, Microsoft 365, and Windows Server.
- Manage virtualization environments utilizing VMware and XenServer platforms.
- Develop and maintain custom business applications using C#, .NET Framework, .NET 8, SQL Server, Entity Framework, Angular, JavaScript, and REST APIs.
- Design and implement integrations involving Shopify, payment processors, shipping providers, fulfillment systems, and internal business applications.
- Develop automation solutions that improve operational efficiency and reduce manual processes.

- Implement cybersecurity controls, monitoring solutions, and infrastructure hardening initiatives.
- Provide senior-level technical leadership while remaining deeply involved in hands-on engineering and problem solving.

TECHNICAL EXPERTISE

Infrastructure: Windows Server, Active Directory, Group Policy, DNS, DHCP, DFS, Microsoft 365, VMware, XenServer, Citrix

Networking & Security: Cisco Switching, Cisco Routing, VLANs, VPNs, Cisco ASA, Firewalls, OSPF, EIGRP, Network Security

Development: C#, .NET Framework, .NET 8, ASP.NET Web API, Entity Framework, SQL Server, T-SQL, Angular, JavaScript, JSON, REST APIs

Platforms: Shopify, AWS, Asterisk PBX, E-Commerce Systems, Payment Integrations, Business Process Automation

EDUCATION

Associate Degree – IT Network Specialist
Gateway Technical College

CERTIFICATIONS

Cisco Certified Network Associate (CCNA)
